

## CROWN & BRIDGE

Shikosha's Crown and Bridge Department has been a leader of fixed restorations in the U.S. and Japan from the advent of the PFM to the currently popular all-ceramic crowns. At the forefront of digital dentistry, we accept all major STL files from intraoral scanner systems such as 3Shape TRIOS®, iTero®, Cerec-Connect®, and  $3M^{\mathbb{M}}$  True Definition. Take a look at our product list below to see what we offer and to learn about our exclusive  $ZR100^{\mathbb{M}}$  full contour zirconia line.
